Please describe, in some detail, your parish's outreach programs, including approximately the numbers of people in your parish who are involved in each. Include how effective you think each ministry is in serving people outside the parish. How are your members served in participating in the ministry?

What do you feel is the most important social justice issue in your deanery or in the area that your parish serves? Is it something that would be better served if nearby parishes worked together?

Thank you for participating in our survey.
